Installations

1. The delivery period or estimated installation date will be advised once we have confirmation of product availability but this can be subject to change (as set out in the installation letter which will be supplied).

2. You will allow installation to commence within an estimated installation period. The installation period is deemed to be 6-8 weeks from survey. If within 6 weeks of the end of the estimated installation period, you are unable to accept an appointment for installation, 80% (less any deposit paid) of the order price is then payable (unless you cancel products not made-to-measure) and installation or delivery will follow as soon as is reasonably practicable by agreement between us.
3. If the work is not commenced within the estimated installation period advised, you may write to us, requiring the work to be completed within six weeks or some other period agreed between you and us. If the work is not completed within this extended period, you may cancel the outstanding work covered by the contract without penalty to yourself by sending us a letter advising us of your wishes. You will be entitled to a refund of any monies which represent a payment for the installation of materials by us in excess of the value of any work carried out by ourselves. However, if we carried out any work to a value which exceeds any payment made, we will be entitled to charge for the difference. In the event of cancellation, you are entitled to deduct any additional amount if you have to pay more than the order price to others to complete the installation limited up to 5% of our quotation. In any of the above cases the value of the work will be agreed by you and us. In the event of no agreement being achieved refer to the complaints section.
